AMERICAN TRADE MARK

INTRODUCTORY

In presenting this Catalogue to the trade we desire to call especial attention to the largest variety of tools manufactured under any one brand and bearing the

and to state that the same high standard of quality and finish which has in past years established their superiority is adhered to to-day in their manufacture.

Only the best and finest quality of steel is used. The finer the steel the greater the care that must be exercised in its manipulation, and each tool accordingly passes through from 35 to 40 distinct operations, after which it must stand the strain of a crucial test before it is put upon the market.

The name, therefore, of The James Swan Company upon a tool is a guarantee which no buyer can afford to overlook.

EXPORT.—Our facilities for furnishing goods for export are exceptional, and we exercise especial care in filling orders for foreign trade.

We are fully prepared to furnish any special goods in our line at lowest prices, which we will cheerfully quote on receipt of inquiry. Every tool produced is fully warranted.

THE JAMES SWAN COMPANY.

SETS OF CHISELS PACKED IN PATENTED COMPARTMENT BOXES.

These Patented Compartment Boxes are the most practical and durable known. They are compact and convenient, have no hinges to break or springs to get out of order, and are made of hardwood varnished and well finished. The Chisels are placed in grooves, cannot come in contact with each other, and any Chisel may be removed without interfering with the others. All of our Chisels packed in this manner are carefully selected, and are fully warranted.

All above, half dozen in a wooden box.

COOK'S PATENT AUGERS AND BITS.

Particular attention is called to the form of the lips of these goods. There is no spur to force into the wood ahead of the cutting lip, which curves forward, so the wood is not torn in starting. This is the only Bit that will follow another bit and make the hole larger, and Cook's Bits will bore in end wood better than any other bits. We have made Cook's Bits for the past 37 years, and are fully equipped with new machinery for making first class tools.

AUGER BITS, ASSORTED IN WOODEN BOXES.

For the convenience of Mechanics and Woodworkers we are now packing our Auger Bits in boxes as above illustrated. These boxes are made of hardwood, with patented spring racks that hold the Bits securely in their places. The holding springs may be made tighter or looser, as desired.

All of our Auger Bits packed in this manner are carefully selected, and are fully warranted.

AUGER BITS, ASSORTED IN PATENTED COMPARTMENT BOXES.

The Auger Bits are packed in sets of 6 and 13, the set of 6 having one Slide Cover and the set of 13 having two. These Patented Compartment Boxes are the most practical and durable known. They are compact and convenient, have no hinges to break or springs to get out of order, and are made of hardwood varnished and well finished. The Bits are placed in grooves, cannot come in contact with each other, and any Bit may be removed without interfering with the others. All of our Auger Bits packed in this manner are carefully selected and are fully warranted.

SWAN'S IMPROVED UNIVERSAL HOLLOW AUGERS NO. 6001.

The above cut represents a well known tool and its parts, which can be ordered by number.

Through the use of the Universal Chuck, this Hollow Auger can be easily adjusted to any size from $\frac{3}{8}$ to $1\frac{1}{2}$ inches. When set to size, with the back screw properly set up, a Perfect Adjustment and rigid hold are secured. A depth gauge regulates the length of the tenon, and the face is graduated so it can be readily set to any size desired. To cut a smooth tenon, keep the knives ground to the line on the face, and the knives set up so they will not project beyond the centre hole. Only the best materials are used and the construction is perfect, representing the highest development of the Universal Hollow Auger.

Without Bits.....	Each, \$4.50

SWAN'S PATENT SCREW-DRIVERS NO. 7500, IMPROVED.

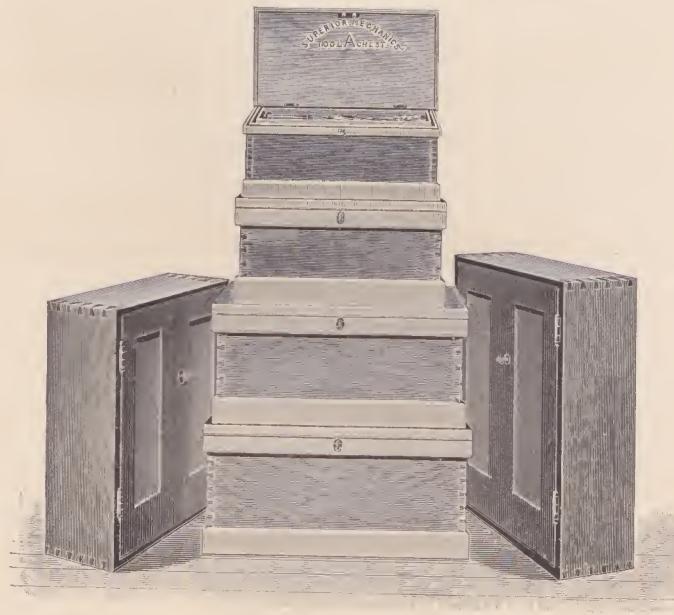

The Screw Driver is held in the handle by a tapered shank fitted to a socket. When you wish to put in a different one hold the handle in your hand, strike the screw driver on anything. It being on a taper the jar will loosen the blade. This is a very useful set of screw drivers and is fully warranted.

WE HEREWITH PRESENT A LINE OF
Superior Mechanics' Tools
IN
Chests and Cabinets for the Skilled
Workman
EMBODYING THE CELEBRATED LINE OF CUTTING
AND BORING TOOLS

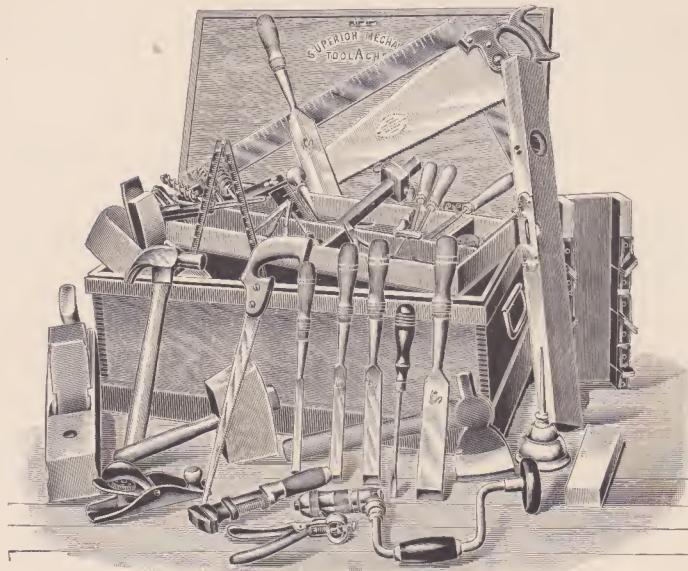

MANUFACTURED BY
THE JAMES SWAN COMPANY

Together with a complete assortment of High Grade Tools,
making a desirable selection for general use, designed
more particularly for the artisan.

ALL TOOLS THOROUGHLY FIRST CLASS AND FULLY WARRANTED

TOOL A CHEST

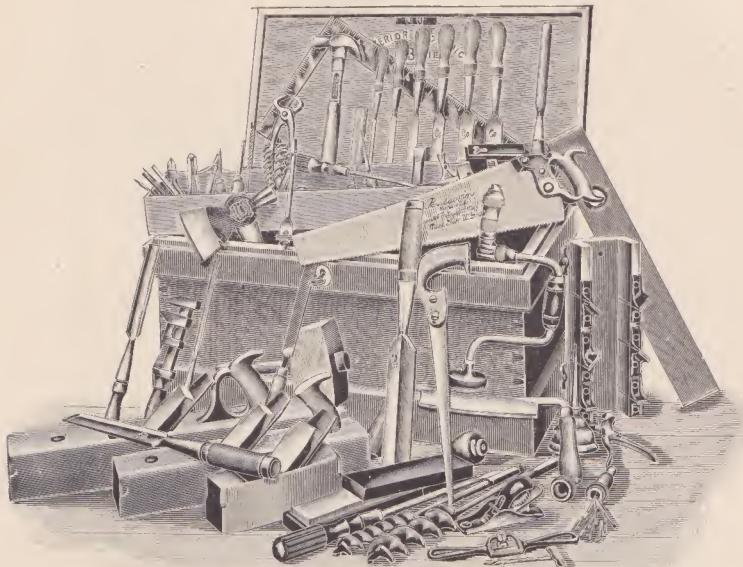

This Chest is nicely finished and varnished, complete with sliding tray. Size, outside measurement: Length, 27 inches; width, 14½ inches; depth, 10¾ inches.

FIFTY TOOLS, ASSORTED AS FOLLOWS:

One Swan's Chisel No. 1010, each, $\frac{1}{2}$, $\frac{3}{4}$, 1 and $1\frac{1}{2}$ inches.	One pair R. & E. Flat Nose Pliers, 5 in.
One Swan's Chisel No. 1013, 2 inches.	One Wood Smooth Plane.
One Swan's Auger Bit No. 10, each, 4, 8, 12 and 16-16ths.	One Wood Jack Plane.
One Swan's German Gimlet Bit No. 6030, 4, 6 and 8-32ds.	One Smythe's Nail Hammer No. 1½.
One Swan's Nail Gimlet No. 6054, sizes 1, 2, 3 and 4.	One Carpenter's Mallet No. 8.
One Swan's Screw-Driver No. 7540, 6 inches.	One Handled Taper Saw File, each, 4, $4\frac{1}{2}$ and 5 inches.
One Swan's Countersink No. 6095.	One Chalk Line and Reel and Awl.
One Swan's Screw-Driver Bit No. 1580.	One Knurled Nail Set.
One Swan's Reamer No. 6581.	One R. & E. Steel Square No. 34.
One Swan's Socket Scratch Awl No. 6670.	One R. & E. Try Square, 6 inches.
One R. & E. Hand Saw No. 1896, 20 in.	One R. & E. Sliding T Bevel, 8 inches.
One Jones Compass Saw, 12 inches.	One pair R. & E. Wing Dividers, 6 in.
One Fray's Ratchet Brace No. 103.	One Washita Oil Stone, 8x2 inches.
One Boxwood Rule No. 61.	One Zinc Oiler No. 2.
One Stanley Handled Brad Awl.	One Imitation Morrill's Saw Set No. 1.
Two R. & E. Carpenter's Lead Pencils, 7 inches.	One R. & E. Plumb and Level, 24 inches.
	One Monkey Wrench, 8 inches.
	One Smythe's Shingling Hatchet No. 1.
	One Stanley Block Plane No. 102.
	One Marking Gauge No. 72.

Chest, with Tools complete..... Each, \$20.00

TOOL B CHEST

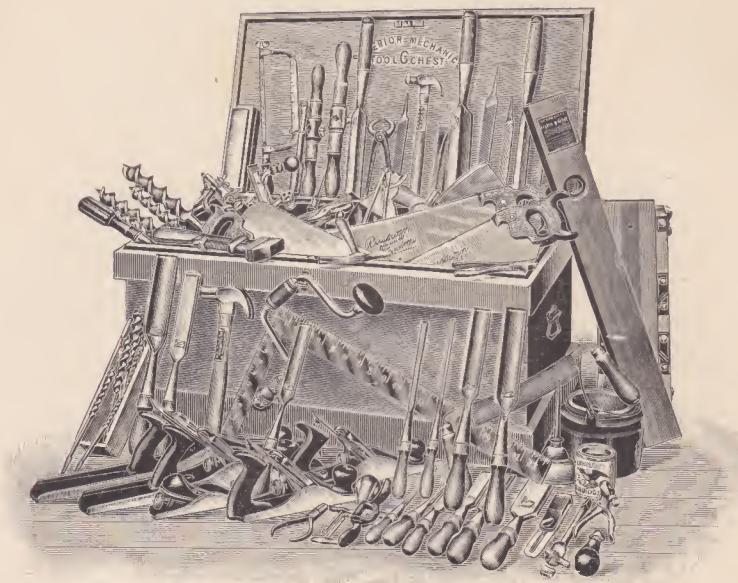

This Chest is nicely finished and varnished, complete with sliding tray. Size, outside measurement: Length, 29 inches; width, 15 $\frac{1}{2}$ inches; depth, 14 inches.

SEVENTY-THREE TOOLS, ASSORTED AS FOLLOWS:

One Swan's Chisel No. 1010, each, $\frac{1}{2}$, $\frac{1}{4}$, $1, 1\frac{1}{4}$ and $1\frac{1}{2}$ inches.	One pair R. & E. Flat Nose Pliers No. 10, 5 inches.
One Swan's Gouge No. 7210, each, $\frac{1}{2}$, $\frac{3}{4}$ and 1 inch.	One Wood Smooth Plane.
One Swan's Chisel No. 1013, each, $1\frac{1}{2}$ and 2 inches.	One Wood Jack Plane.
One Swan's Jennings Bit No. 80, each, 4, 8, 12 and 16-16ths.	One Wood Fore Plane.
One Swan's German Gimlet Bit No. 6030, each, 4, 6 and 8-32ds.	One Ogden's Hammer No. 1 $\frac{1}{2}$.
One Swan's Auger No. 110, 1 and $1\frac{1}{2}$ inches.	One Carpenter's Mallet No. 8.
One Swan's Auger Handle No. 6513.	One Handled Taper Saw File, 4, $4\frac{1}{2}$ and 5 inches.
One Swan's Nail Gimlet No. 6054, sizes 1, 2, 3 and 4.	One Handled Mill File, 8 inches.
One Swan's Scratch Awl No. 6670.	One Chalk Line and Reel and Awl.
One Swan's Screw-Driver No. 7565, each, 6 and 10 inches.	One Cold Chisel.
One Swan's Drawing Knife No. 1481, 8 inches.	One Knurled Nail Set.
One Swan's Countersink No. 6095.	One R. & E. Try Square, 6 inches.
One Swan's Screw-Driver Bit No. 1580.	One R. & E. Sliding T Bevel, 8 inches.
One Swan's Expansive Bit No. 7	One R. & E. Steel Square No. 34.
One Swan's Reamer No. 6581.	One pair R. & E. Wing Dividers, 7 inches.
One R. & E. Hand Saw No. 1896, 20 inches.	One Cabinet Scraper, $2\frac{1}{2}$ x 4 inches.
One Jones Compass Saw, 12 inches.	One Mounted Oil Stone, 8x2 inches.
One Fray's Brace No. 102.	One Washita Oil Slip.
One Boxwood Rule No. 61.	One Zinc Oiler No. 2.
One Handled Brad Awl.	One Morrill's Saw Set No. 1.
Two R. & E. Carpenter's Lead Pencils, 7 inches.	One R. & E. Plumb Bob No. 2 $\frac{1}{2}$.
One pair R. & E. Carpenter's Pincers, 8 inches.	One R. & E. Level, 24 inches.
Chest, with Tools complete.....	One Monkey Wrench, 10 inches.
	One Iron Spoke Shave No. 1.
	One Fray's Tool Set No. 1.
	One Germond Shingling Hatchet No. 2.
	One Olmsted Mitre Box No. 2.
	One Stanley Block Plane No. 103.
	One pair R. & E. Cutting Pliers No. 40, 6 inches.
	One Marking Gauge No. 72.
 Each, \$40.00

TOOL C CHEST

This Chest is nicely finished and varnished, complete with sliding tray. Size, outside measurement: Length, 35 inches; width, 18 inches; depth, 16 inches.

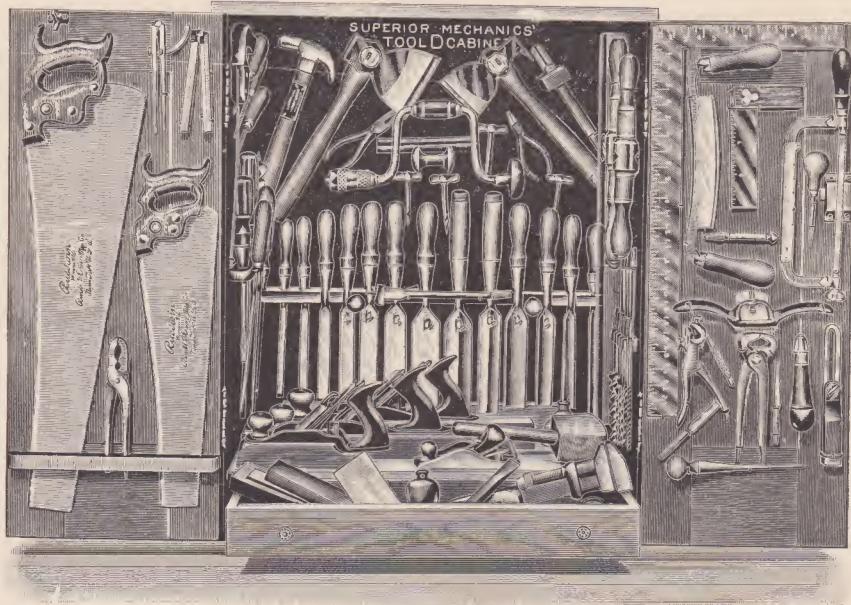

EIGHTY-SEVEN TOOLS, ASSORTED AS FOLLOWS:

- One Swan's Chisel No. 1010, each, $\frac{1}{4}$, $\frac{3}{8}$, $\frac{1}{2}$, $\frac{5}{8}$, $\frac{3}{4}$, 1, $1\frac{1}{2}$ and $1\frac{1}{2}$ inches.
- One Swan's Gouge No. 7210, each, $\frac{1}{2}$, $\frac{3}{4}$, 1 and $1\frac{1}{2}$ inches.
- One Swan's Chisels No. 1013, each, $1\frac{1}{2}$ and 2 inches.
- One Swan's Jennings Bit No. 80, each, 4, 6, 8, 10, 12 and 16-16ths.
- One Swan's German Gimlet Bit No. 6030, each, 2, 4, 6 and 8-32ds.
- One Swan's Auger No. 110, each, $\frac{3}{4}$, 1 and $1\frac{1}{2}$ inches.
- One Swan's Auger Handle No. 6514.
- One Swan's Auger Handle No. 6515.
- One Swan's Nail Gimlet No. 6054, sizes 1, 2, 3 and 4.
- One Swan's Scratch Awl No. 6670.
- One Swan's Screw-Driver No. 7565, each, 6 and 10 inches.
- One Swan's Drawing Knife No. 1481, 8 inches.
- One Swan's Countersink No. 6095.
- One Swan's Screw-Driver Bit No. 1580.
- One Swan's Expansive Bit No. 7.
